The Jiang'an Police in Qiqihar City Arrest Mr. Wang Weijun and Another Practitioner

(Clearwisdom.net) At around 2:00 p.m. on July 12, 2008, the Jiang'an Police Station in Qiqihar City, Heilongjiang Province, mobilized about six police cars and more than ten officers to break the door of Falun Gong practitioners Ms. Liu and Mr. Wang Weijun's rental apartment. The police used a large metal bar to break open the door. According to eyewitnesses, the police started to brutally beat Mr. Wang as soon as they entered the apartment. Then the police dragged him by his hair from the fourth floor all the way to the police car. Ms. Liu, and her two children were also forcibly taken away. On the morning of July 13, 2008 they were taken to the Qiqihar City Detention Center and subjected to additional abuse. The whereabouts of the two children are unknown.

Mr. Wang Weijun

The ransacked apartment of Mr. Wang Weijun and Ms. Liu

Wang Weijun was born in 1963. In 1979, he started to work at the Heping Factory. He used to suffer from a swollen throat and was in constant pain, which greatly affected his work and daily life. An operation failed to cure his ailments. In 1995, he started to practice Falun Dafa and all of the symptoms of illness disappeared. He became very strong.

After the persecution of Falun Gong began on July 20, 1999, Mr. Wang was severely persecuted by the Chinese Communist Party. In 2002, officers from the Longshan Criminal Police Division went to his workplace and took him away. Legal procedures were not followed and Mr. Wang's family was not notified. He was taken to the No. 2 Detention Center in Harbin City for three months. During that time, he was made to do hard labor such as moving cement and other backbreaking jobs. Ten thousand yuan was extorted from his family before he was released. In 2003, Mr. Wang lost his job at the Heping Factory due to the persecution.

In 2003, the deputy chief of the Longhua Road Police Station of Qiqihar City organized a group of 610 Office (an agency set up expressly to persecute Falun Gong) staff members to go to Mr. Wang's home and arrest him. He managed to escape from the police station. During this time, a field officer, Lu Jinghai (male), stole a tape recorder from Mr. Wang's home. Mr. Wang has been forced to leave home to avoid being arrested. Both of his parents have since died from the upset and worry at their son's disappearance.

Introduction to Falun Dafa

Falun Dafa, also known as Falun Gong, is a practice for benefiting physical health and elevating the mind. Introduced by Mr. Li Hongzhi in China, the practice consists of five gentle exercises including meditation, and diligent effort on the part of practitioners to follow the universal principles of Truthfulness-Compassion-Forbearance in daily life. Falun Gong is not only beneficial to one's own health and well-being, it also benefits others. Although the practice originated in China, today it is practiced throughout the world by people of all races and walks of life. In the face of the most brutal and vicious persecution perpetrated on them by the Chinese Communist Party, Falun Gong practitioners have found the spiritual strength to resist peacefully and tirelessly by upholding the principles of Truthfulness-Compassion-Forbearance.

Practicing Falun Dafa Healed My Stomach Cancer

(Clearwisdom.net) I am a farmer. I am in my 60's and live in Anguo City, Baoding District, Hebei Province, China. My family is in financial difficulty. I developed stomach cancer a year ago and 80% of my stomach was cut out. The medical expenses made our financial situation even worse. I could not afford the expensive cost of chemotherapy since I was already in debt. Therefore, my wife persuaded me to try to practice Falun Gong.

At the beginning, I thought that it would be hard for me to study the teachings of Falun Dafa. My education ended when I was in the second grade and I could barely understand the textbooks. However, when I got a Dafa book, a miracle happened and I could read the whole book. I thought to myself, isn't this exactly as Master Li describes in *Zhuan Falun*? (*Zhuan Falun* is the principal text of Falun Gong.)

My excitement drove me to be more diligent in studying Falun Dafa and doing the Falun Gong exercises. Again, miracles happened. In the past year, I have not taken any medicine and I have not had any chemotherapy. However, my health recovered miraculously. Even with only 1/5 of my stomach left, I could eat two bowls of dumplings in a meal. Everyone I meet tells me, "You are still alive! Also, you look healthy!" It is indeed miraculous! I have written this down to tell everyone that Dafa has given me a second life.
